##### Graduation

The graduation banquet for the classes listed above will be held May 21st at the Hotel Murano from 6-9pm. Details will be sent to all graduates in early April. Graduation is open to all Local 76 members and signatory contractors (call or email the office for details).

##### Inside Wire Program Changes

Apprenticeship consists of two components, on the job training (OJT) and related classroom instruction (RSI). Starting with the Class of 2022, the RSI portion of the apprenticeship will be covered in 4-years. The 8000 hour OJT requirement will remain the same. To accomplish this, portions of RSI will now be delivered remotely via video, take home lab work and computer mediated learning. Using these modern methods will strengthen the classroom portion of the apprenticeship by allowing more time in class for hands on training and testing.

##### EEO

The JATC is looking to increase the number of females and minorities in our program. Please encourage people you may know from these groups to apply if you feel they will be an asset to the apprenticeship.
