STARTER TOOL KITS

Klein tools has put together a basic tool set for our apprentices who are starting their apprenticeship. The cost is \$212. This is a very basic starter set that is great for new apprentices, but also suitable for someone who needs new tools due to damage or theft. A limited number are available at the JATC. Call or email for details.

EEO

The JATC is always looking to increase the number of minority and female applicants. If you know of anyone that would be an asset to our program, please encourage them to apply.
