

Foreman Development Series

**July 31, 2024
5:00PM-8:00**

Southwest Washington

Electrical JATC

Module 1 | Role of a Foreman

The Foreman's Development Series (FDS) consists of individual modules where foremen and journeymen will have the opportunity to participate in an interactive learning atmosphere of teaching and discussion focused on industry best practices. The rigorous and robust multi lesson educational series is Washington State approved for Continuing Education Units (CEU), and is designed to educate, excite, and expand participants electrical knowledge. Participants will strengthen skill sets and learn from highly trained subject matter experts.
